Annual Report

Stanton Baby Kaleb,
Born June 2010

Offering choices for life.
One life at a time.

From the Founder

As of right now, we have 51 babies due in the coming months!

This number will only continue to grow as our ministry continues to grow. Speaking of growth, it's amazing to see how far we have come since we opened our doors in 2006.

What a year this has been! We have developed an amazing team of medical professionals, client advocates, committed volunteers and faithful supporters that go above and beyond to meet the needs of hurting women and babies in our community.

We are proud to announce that we are offering (life-saving) ultrasound exams on our NEW, state of the art, ultrasound machine! Women are able to see into the womb and witness the life that is growing inside of them.

It is a blessing beyond belief to minister to our clients. I wish you could see what we see at our clinic every time an abortion-minded client walks through our doors feeling afraid...and she leaves life-minded, full of peace and real hope. Through our 18 month support program, our clients and their babies get a chance at a brighter future.

Never has there been a more critical and exciting time to be a part of the Stanton family of friends and supporters.

Here are 3 important reasons why:

- 67% of all abortions in Idaho are performed in Ada County.
- Stanton Healthcare is the only life-affirming medical clinic in Ada County that offers ultrasound exams (at no charge) to abortion vulnerable women.
- 93% of our clients CHOOSE LIFE after a Stanton ultrasound scan and counseling!

Together, we can make the womb a safer place to live.

For the babies,

Our Mission

Stanton Healthcare's mission is to offer life-affirming options and resources to abortion vulnerable women; provide hope to those struggling from the pain of a past abortion; and share the message of sexual integrity with this emerging generation - in a professional environment that promotes physical, emotional and spiritual well-being.

Our Vision

We seek to make the womb a safer place to live by making Stanton Healthcare "The Right CHOICE for Women."

“Dear Stanton Healthcare, You all have helped me and my family so much. I am sure you are all so busy for this season there are so many in need. What would we do without Stanton Healthcare and all the wonderful loving staff you have? Your staff really touched my heart in many ways. You are so giving and seriously help women and families who just need all the help they can get. You have helped with food, clothes, diapers and just love from the bottom of your hearts. I’m so thankful for my family at Stanton Healthcare!”

“When I found out I was pregnant I didn’t know what to do. So I called Stanton and made an appointment. They showed me in the ultrasound my baby...her heartbeat. I couldn’t do “it” (abortion)...it’s not my heart. I couldn’t hurt a human being that’s so innocent.”

– Stanton Client Jessica

“When we consider that women are treated as property,
it is degrading to women that we should treat our children
as property to be disposed of as we see fit.”
